July 7, 2016

Hello Lion,

I am happy to tell you that we ended the year with an increase in our membership. On 1 July 2015 we had 838 members in District 7L and on 1 July 2016 we had 839, which is a small increase in membership, but it is an increase.

This could not have been done without the hard work and sacrifice of all of our members, so I want to thank you for whatever work you did for the Lions in fiscal year 2015-2016. I appreciate it.

During this year our number of clubs decreased to 32, but the members transferred their membership to other clubs. The fact that we had an increase is even more outstanding when you consider that we did not charter any new clubs. Lions did what we all should continue to do – increase the membership in their clubs.

Again, thank you for your support during this past fiscal year and continue the good work.

Sincerely,

MAXINE CRITTENDEN
